AAPC Certified Coder

American Academy of Professional Coders was founded in 1988 with the aim of providing education and certification to coders working in physician-based settings. These settings include group practices and specialty centers (i.e. non-hospital settings)

DNA Academy of Healthcare studies is established since 2017 by a group of healthcare management professionals having wide range of industry knowledge from Health Information management and Healthcare operations in India and Middle East.

We are here to offer you a bright future in the Healthcare sector, as it possesses wide range of scope and opportunities for the ones who have just graduated or completed diploma.

Courses

Medical Coding & Billing

Certified Professional Coder (CPC)

3 Months

MEDICAL CODER

Medical Coding professionals are an integral part of the healthcare industry in India, UK, US, Canada, Australia and UAE and other Gulf countries. This career is expected to grow by as much as 15 percent through 2024 much faster than average of most occupations.
